## VICTORY CAME AFTER AN AWFUL CARNAGE

Japanese Achieve a Brilliant Success in  
Far East.

In Taking Kinchow They Lost About 12,000 Sol-  
diers, According to Report.

## PORT ARTHUR IS TO BE ATTACKED SOON

Tokio, May 27—Subsequent reports received here indicate that the storming of Nanshan hill yesterday was a bloody affair. The Japanese first centered their fire on the Russian batteries, in which work they were aided by four gunboats from Kinchow Bay. They succeeded in silencing many of the enemy's guns. The Russians had constructed a series of trenches around the hill on a terrace protected by wire entanglements and other such devices.

The Japanese made a series of rushes, but they were in vain. The deadly rifle and cannon fire of the enemy checked them repeatedly.

Finally at 3 o'clock in the afternoon the Japanese reformed and stormed the crest of the hill. The Russians held to their position doggedly, and it was 7 o'clock in the evening before the Japanese finally gained possession of the ridge.

### JAPANESE LOSE 12,000.

Mukden, May 27—A great battle is reported at Kinchow, near Port Arthur. The Japanese tried to seize that narrow isthmus, but lost heavily.

A Japanese force from Pitsewo operated with the Japanese landing party protected by the fleet.

The Japanese are fortifying Feng Wang Cheng, where they are said to be treating the Chinese inhabitants with great kindness. Lately mounted bands of Japanese were roaming about north of Mukden, and also near Liao Yang, with the object of scouting and also destroying the railway. These bands have now fallen back, owing to the damage done by the Japanese stores and communications by General Mistchenko and his Cossacks, who lately burned Anji.

It is understood the taking of Kinchow cost the Japanese 12,000 lives.

### TO STORM BELEAGURED CITY.

London, May 28—A telegram to Reuter the Telegraph company from New Chwang, says the Japanese plan to capture Port Arthur within a fortnight, employing a hundred thousand men in the attack. It is realized the losses will be severe, but it is thought this is better than keeping the army idle three months. The Japanese plan of action in Manchuria does not include an advance beyond Mukden.

### LINE OF RETREAT CUT OFF.

Rome, May 28—A telegram from Tokio states that the Japanese on Liao Tung peninsula attacked Lio Shin Tuo on Taliens Wan bay, and seized the forts at the junction of the Dalny branch and main railway to Port Arthur. The Japanese thus intercept the line of retreat which the Russians driven from Kinchow and that neighborhood, have to take to reach Port Arthur.

### SURPRISED THE RUSSIANS.

New Chwang, May 28—A staff officer who arrived from Mukden says the deliberation and precision of the Japanese has surprised General Kuropatkin, the Russian commander, who believed the Japanese campaign would consist of dashing recklessness, rather than cool headed strategy.

### WATCHING THE COSSACKS.

Tokio, May 28—The movements of a Cossack cavalry and battery are reported from Northern Korea, as being closely watched by the Japanese, who are confident of their ability to protect their communications and maintain the military supremacy of Japan in Korea.

### FOUND INFERNAL MACHINES.

Mukden, May 28—An infernal machine was found in a tunnel near Harbin. Four men, afterwards found

### JURY COULDN'T AGREE.

Rising Sun, May 28—At 10:40 today the jury in the Gillespie murder case came into court and announced that it was unable to agree on a verdict. Judge Downey refused to accept this and sent them back for further consideration. It is said three or four men are holding out against conviction.

### HALF A MILLION LOSS.

New York, May 28—The big mill of the New York Milling Co., one of the largest factories in the flour trust, was destroyed by fire early this morning. A hundred workmen narrowly escaped. The loss is estimated at half a million.

## AT RIPE AGE

Rev. James Martin Temple Died  
This Morning.

Was First a Methodist and Later On  
Episcopalian Minister and a Man  
of Great Culture.

Rev. James Martin Temple died this morning at 7 o'clock at the home of his son-in-law, Dr. C. H. Brothers, 524 North Eighth street, of hemorrhage. Mr. Temple had been an invalid and totally deaf for a number of years, but had only been confined to his bed for a month before his death.

He was 86 years of age and was born in Logan county, Ky. He came to McCracken county in 1868, and to Paducah in 1890. In his young days he was a minister in the Southern Methodist church, but later became an Episcopalian minister. During the time of his connection with the Methodist church, he held important appointments in Louisville, Memphis and other places. After joining the Episcopal church he did not have charge of any especial pastorate.

Mr. Temple was a man of unusual culture, and even in his invalidism retained a very bright mind. He was a great reader, and interesting in conversation.

Four children, all of whom reside in this city, survive him. They are: Mrs. C. H. Brothers, Mrs. Napoleon Gardner, Miss Willie Temple and Miss Sase Temple.

The funeral will take place Monday morning at 8 o'clock from Dr. Brothers' residence, and the burial will be at Oak Grove.

### LICENSED TO MARRY.

Silas M. Williams, of the city, age 36 and Nancy Ellen Chapman, of Louisville, age 36 have been licensed to wed. It will make the third marriage of the groom and the second of the bride.

## THE FIRST BARGE OF STEAMERS CARGO

Brought From the Chattanooga  
Last Night.

It is Not Yet Decided Whether Or  
Not the Steamer Can be  
Raised.

## GOVERNMENT LIGHT MOVED

### ATTORNEY STARTED FOR HIM

The Grace Smith brought down a barge of goods taken from the sunken Chattanooga last evening, and Capt. Frank Carroll, master of the ill-fated boat came down on her. It is still uncertain what the prospects are of saving the boat. The barge was landed at the N. C. & St. L. wharf.

Capt. Carroll states the Chattanooga is as complete a wreck as he ever saw. She is literally broken in two, and in places the huge crack is several feet wide.

The cargo will not be a complete loss, but much of it may have to be thrown overboard by the divers, if it is decided to try to raise the steamer.

It is now claimed that the boat was steered against the rocks by the wrong location of the government light near that point, but the pilot did not make such a claim. The light, it is claimed, was about fifty feet from the place it should have been. The pilot, Capt. Brazelton, ascribed the accident to the fact that the boat became unmanageable, which she frequently did in shallow water, according to her former master, Captain Frank Brown. Captain Carroll returned to the steamer today and will remain there until it is decided whether or not to make the attempt to raise her.

### MAJOR YEISER AND ATTORNEY BERRY

The Mayor Took Exceptions to State-  
ment in a Speech to the  
Jury.

### THE FIRST TWO WERE FILED THIS AFTERNOON

The city of Paducah, according to present plans, is soon to be the defendant in sixty-five or more damage suits, most of them for \$10,000 each, a total of over \$650,000. It is likely that after the first few are filed scores of others will come in, all based on the alleged illegal working of prisoners on the streets under the second class charter and for the alleged uncleanliness and unsanitary condition of the city prison.

This afternoon W. W. Bartlett,

the South Third street grocer, will

through Attorney W. M. Worten file

a suit against the city of Paducah for

\$10,000 damages, and F. G. Rudolph,

guardian of Will Dodd, a colored

youth, a similar suit for \$10,000

damages, through the same attorney.

Mr. Bartlett alleges that he was

fined recently in police court for being

drunk, and was given no opportunity

to pay or replevin his fine, although

he was amply able to do either, but

was fastened to the chain gang and

placed on the streets to work. He

had to take his chances, he claims, to

notify his friends and have them re-

lease him to the city, to pass.

public schools of the city was pain-

wagon, near Wallace Park, while

There was a large party of Paducah

people in the wagon, which turned

from the road to allow an automo-

bile in which Prof. C. M. Lieb and

Miss Cook, fearing that the horses

would become frightened jumped from

the wagon, and in doing so fell. Her

dress caught in one of the wagon

wheels, and she was dragged for some

distance.

Her right hip and back are badly

bruised, but her injuries are not seri-

ous. Prof. Lieb took her to her

home, 809 South Fourth street in his

automobile.

The "Champions" are champions no more, having met their Waterloo at Wallace park yesterday afternoon. The Egyptians played fast and furious but were clearly outclassed in both hitting and fielding.

Yesterday Freeman sawed nine men, allowed but five hits, and won the game. The Cairoites were unable to connect with Freeman's faultless delivery. Cairo could not beat Paducah and this fact was clearly seen when the two teams had balanced strength in practice. The summary:

Mayfield, Ky., May 28.—The Oak Grove Baptist church will be dedicated three miles from here tomorrow. The dedication sermon will be delivered by Elder W. H. team for \$136 for wages as a player last season. McGill substituted for Clymer and played so well the Louisville manager decided to keep him. The manager wanted to farm him out to a smaller league, but McGill would not stand for it and Tebeau refused to pay his salary.

Harvey, Cairo's new catcher, made a sensational catch in left field of Gilligan's line drive in the seventh inning. The ball was hit hard and over the foul line. Harvey started after it and succeeded in catching the ball just as it seemed to be shooting to the ground. The catch was one of the best ever seen on the local diamond and was worth mentioning.

Brady and Land will be today's Paducah battery while Wilder and Rutledge will do the battery work for the Egyptians. Wilder is a good pitcher, last year at the close of the season, having defeated Paducah by a score of 6 to 0 after Paducah had taken four straight games and knocked all the Egyptians' pitchers out of the box.

It has been reported that "Red" Violet was going to be released, and that if he was Potts, Gilligan, Land, and one or two others would quit. Manager Jackson says Violet will not be released.

Cairo is out on a fifteen day trip this time. If she fares no better than she has so far, she may reach the bottom before she gets home.

Barlow is developing into a sure hitter and is strength to the team. He is much admired by Captain Rutledge of the Cairo team.

The biggest crowd of the season is expected tomorrow to see Cairo beaten.

## Dr. Caldwell's (LAXATIVE) Syrup Pepsin

Miss Robinson writes:

Pepsin Syrup Company, Monticello, Ill.

Gentlemen—Last spring I was troubled with a spring fever, which caused me to feel generally sick and tired; my tongue was coated, my appetite failed me, small pimples started on my face and neck, and a dull, heavy feeling seemed to oppress me.

I took sarsaparillas and other old-time remedies, but did not improve. The druggist advised me to try Dr. Caldwell's (Laxative) Syrup Pepsin, and rather reluctantly I took a bottle on trial. It proved a mascot, however, to me, for in a few days my appetite returned, and I felt much better all over. I took two bottles more and with each dose I got better. My headache went away, the heavy, uncomfortable feeling left me and my complexion soon cleared up and I was once more my own light, happy self, and all due to Syrup Pepsin, so I heartily endorse it.

Gratefully yours, SADIE C. ROBINSON.

## WHAT A GRADUATED NURSE SAYS.

Ocala, Fla., Nov. 28, 1903.

'It is with genuine pleasure I recommend Wine of Cardui to women suffering with anything which would so quickly restore young mothers to strength, nor do I know of any medicine better for a pregnant woman to take to induce easy childbirth, a healthy child and comfort to both mother and child. In my opinion Wine of Cardui is the best medicine for a woman suffering from ulceration, inflammation, falling of the womb or ovarian troubles, and I have known dozens of cases where women were advised by the doctors to submit to operations, but who were cured simply by taking Wine of Cardui a few months. In fact, my personal experience with this reliable remedy has been of such a satisfactory nature that I most gladly give you this unsolicited testimonial.

Several are announced today and it is said that there will be others recorded in the next few weeks. The prospective June brides are some of Paducah's prettiest and most attractive young women, fair as the month in which they wed. It is eminently fitting that this first month of summer should be a nuptial season, when Cupid can be arrayed in genuine rose garlands.

#### ENTERTAINMENTS.

The Magazine club was entertained in a special social meeting Wednesday afternoon, by Mrs. Edward Atkins, at her handsome country home, "White Haven." Each member of the club was given the privilege of inviting a guest and the hostess had six friends outside of the club. The club members each gave a report on some living writer, and from a literary standpoint, the afternoon was quite interesting.

After the reports refreshments were served on the spacious veranda, of the palatial residence, which amply accommodated the 50 guests. From a small balcony above, a band discoursed music throughout the afternoon. Individual toes in the shape of flowers were served, and punch was served on the lawn.

Mrs. Atkins' home is one of the handsomest in this part of Kentucky. It was an old fashion brick residence, and has been transformed into a place of great beauty. The large veranda is supported by large colonial columns and the whole is painted white. The location upon a high sloping hill, is ideal, and the lawn in front is beautifully shaded by trees at least 50 years old. The interior is correspondingly attractive.

Mr. and Mrs. Bransford Clarke entertained at their home on West Jefferson street last night with an old fashion spelling bee. For the prize for spelling the most words correctly, Dr. Frank Boyd and Mr. J. D. Mcquot tied, and Mr. Mcquot finally won it. It was a book, "The White Castle of Louisiana," written by Mrs. D. G. Murrell of this city. A two course luncheon was served. Old fashion candle sticks and candy kisses gave a touch of primitive days. The guests were: Dr. and Mrs. Victor Voris, Dr. and Mrs. Frank Boyd, Messrs. and Mesdames J. D. Mcquot, Harris Rankin, Henry Hughes, J. C. Flournoy, Irvin Cobb, Robt Noble and Dr. D. G. Murrell.

The Sans Souci club was entertained Wednesday afternoon by Miss Irene Scott at her home on North Fourth street. The club prize was won by Miss Hattie Terrell and the visitors' prize by Miss Lula Reed. The guests were: Mesdames Hughes McKnight, Harris Rankin, John W. Scott, Misses Clara Thompson, Hallie Hisey, Carlene Sowell, Minnie Terrell, Hattie Terrell, Florence Yeiser, Myra DuBois, Marjorie Crumbaugh, Annie May Yeiser, Linnie Belle Tucker, Louisville, Ruby Corbett and Lula Reed.

Miss Lula Wetherington entertained very delightfully at cards Wednesday evening at her home, 232 North Fourth street. After the games a delightful luncheon was served. The music and dancing was enjoyed. Those present were: Misses Lula Phillips, Ruth Harper, Ina Dunn, Rosa Walker, Eva Darnell, Non Darrell, Sallie Farmer, Messrs. Joe Phillips, Guy Harper, S. G. Browning, Oscar Harper, John Clements, Jim Gallispay, Isaac Randolph, Andrew Wetherington, Esther Wetherington and Jim Wetherington.

A party was carried to Cairo on the Dick Fowler for a round trip of the boat Tuesday by Mrs. John P. Campbell, in honor of Miss Helen Berryman, of Lexington, Ky. Those composing the party were: Misses Berryman, Ethel Brooks, Eleanor White,

Salt Lake City, Utah; Manie Cobb and Martha Davis. Messrs. Lonis Rieke, Henry Rudy, Frank Davis and Douglas Bagby.

The Industrial club met yesterday afternoon with Mrs. Henry Kamleiter at her home on South Third street. The guests were: Mesdames Will Crump, of Columbus, Ind.; Jeff Read, Frank Gardner, Jessie Gilbert, Frank Kirchoff, Jr., George Katterjohn, George Wolfe, E. W. Bockmon, Pat Lally, Fred Kamleiter, Misses Mary Berger, Louise Kirchoff and Louise Rottgering.

The Chess Checkers and Whist club opened its new quarters at Sixth and Broadway, with a reception to ladies Tuesday afternoon and a smoker for men Tuesday evening. About 150 ladies called during the afternoon and about 500 men in the evening. The new club rooms are handsomely equipped.

The Moonlight Boating club took a trip up the Tennessee river yesterday evening and return. Those who enjoyed this delightful trip were: Misses Nina Kirkpatrick, Nellie Stokes, Minnie Sanders, Nona Stokes, Lucille Pennyworth, Messrs. Glenn Stokes, Beulie Duke, Johnnie Wilkins, James Vance.

## DAILY THOUGHT.

Manners are not gloves to be put on and off at will—Margaret E. Sangster.

## SIDEWALK RECONSTRUCTION.

There appears to be only one solution of the sidewalk problem. Property owners who do not desire to reconstruct their sidewalks cannot be compelled to under the present ordinance, which does not require uniformity. The board of public works has commendably attempted to impress this on the general council, and if the council can't see it that way the city will have to get along with the present sidewalks, which are left in an indescribable bad condition after the trenches are dug through them both crosswise and lengthwise, to lay water, gas, and storm water sewer pipes. In fact, they are unfit to walk on, and are something fierce to look at.

Since the controversy has arisen, doubtless no contractor will care to risk not getting his money by rebuilding the sidewalks without authority from the property owners, and the property owners, as a rule, are not going to any trouble to have the work done unless compelled to. Under the ordinance passed, allowing either brick or granite, instead of requiring all of either one material or the other, the property owner cannot be compelled to have his sidewalks reconstructed and a contractor cannot collect a claim against a property owner for the work if the latter refuses payment.

The board of public works has ample legal advice for its position and if the general council doesn't amend the ordinance now and avoid delay, it will only again demonstrate the stupidity for which it has become noted.

Mr. Bryan doesn't talk much as if he will support Parker. He says there can be no compromise. It must be the Wall street crowd or the Socialist element. As the Wall street crowd seems to be in the saddle, Mr. Bryan must reinforce Jo Parker and the Populists, or start him a party of his own so there will be no question about his dictation.

## New Life and Health for Women.

Zoa Phora Makes Women Feel Young, Strong and Healthy and Gives Them the Glow and Bloom of Youth and Beauty.

Trial Bottle Free to Every Lady.

Zoa Phora certainly does do wonders for women. Every woman who has tried it says so and there are multiplied thousands of them. From all parts and corners of the land come their words of praise and joy and gratitude. Zoa Phora has brought more life and health to women than any other tonic and gives women a finer more homes with joy and happiness than all remedies and medicines and doctors combined. Their genuine letters of thanksgiving and rejoicing prove it and prove it conclusively.

Zoa Phora cures all forms of female diseases, miseries, irregularities, suppressed and painful periods, flooding, piles, kidney, bladder and liver diseases, and all the troubles that drag down the life of women and make their lives burden and a misery. You will rejoice as others now rejoice in perfect health and happiness if you use Zoa Phora.

Mrs. Wm. B. Knapp, 831 E. 5th St., Traverse City, Mich., says: "I write this hoping that it will be the means of helping some suffering sister who has any weakness or trouble peculiar to women. Seven years ago last fall I took sick and with weak nerves could not sleep at all winter. Just as soon as I would sleep it would faint and fail. Three of the best doctors in our town could not help me; then my husband wrote to that dear old Dr. Pengelly and he sent medicine and advice. The first dose helped me, and in one month I was up doing my work after being sick in bed from the 21st of November until the 1st of March. The doctor's advice sent me was Zoa Phora and if it hadn't been for dear old Dr. Pengelly and Zoa Phora I would not be here to write this."

Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Dr. Pengelly's Advice to Women." The doctor will gladly give free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

had not been in the best condition before she blew up, and the thoughtful "authorities" are to investigate. These investigations, if conducted before as intended by law, instead of afterwards, would save many a life and loss.

Some officials can't keep politics and religion out of affairs that do not concern either. As long as officials are so narrow they can't forbear to mix their personal preferences with public affairs, we can't expect to obtain the best results in popular government.

The Mayfield Monitor is out in new form and dress under the enterprising management of Editor W. K. Wall, and promises to make other improvements. It is always a welcome addition to the exchange table.

It doesn't matter much how the war in the far east terminates, or whether Mr. Bryan's bolts or not. We have Cairo skinned a block in the penultimate race this year, and Paducahans can hereafter die happy.

Horses come high at Mt. Vernon, Ky. A man was yesterday given 53 years for stealing a plug. By the time he gets out he will wish it had been an automobile.

## WEST END LOTS.

For those seeking lots for homes or investment just outside the city limits the 50x165 foot lots of Dr. D. G. Murrell and Whittemore's West End Addition offer the best chances to be found in the city. The lots are sold at prices from \$75 to \$150 each and on the very easy terms of five dollars cash and the balance two dollars per month. Signs at the street corners and stakes on the lots show where the lots are. Between Adams and Norton and between 24th and 30th streets. Mr. W. E. Morgan living at the corner of 29th and Jones streets, will show any one any day which the unsold lots are. For plats and more particulars see Whittemore's Real Estate Agency Fraternity Building. Both phones 835.

Rev. J. H. Roberts will preach Sunday morning and evening at the Broadway Methodist church.

## NO INCREASE WAS GRANTED BY THE I. C.

Carbuilders Conference at Jackson, Tenn., Ends.

Everything Adjusted Amicably But Wages Not Advanced—Agent Donevan's New Clerk.

## LATE RAILROAD NEWS

Mr. Quincy P. Wallace, delegate from the Louisville division of the I. C. to the conference held at Jackson, Tenn., by Superintendent Renshaw, of the mechanical department of the road, and the delegates from the carmen brotherhood, has returned the meeting having been adjourned, and left immediately for Hazel, Ky., to be at the bedside of his wife, who is very ill.

Mr. Wallace made no official report of the results of the meeting and nothing official could be learned. However, it is known that no advance was given the carmen, on account of the decrease in business. Mr. Renshaw is quoted as saying the carmen on account of the lower wages paid them than the men in the boiler shops, would be worked nine hours per day as long as possible, while the boilermakers were cut to eight hours. The world's fair business is about all that is holding the time up, an official stating that business was dull everywhere except in St. Louis territory.

The rules and regulations were revised satisfactorily to both the carmen and the officials and the meeting was successful in every way except in the failure of the carmen to get the increase in pay asked for.

Monday the local I. C. shops will be shut down on account of Decoration day, the first time the I. C. has shown any recognition of this day here in many years, if at all before.

The road will kill two birds with one stone, at the same time the employees are enjoying a holiday the road will be putting in a new foundation to the big engine which operates the shops here.

The engine has worked loose and a new foundation is necessary. A new shaft will be put in the fly wheel also and general repairs made on the engine both Sunday and Monday. The shops will be running Tuesday, however, the work of repairs requiring no more than two days, it is thought.

Mr. R. E. Atkinson, of Jackson, Miss., arrived last night to accept a position under Mr. John Donovan, agent for the I. C. here, as chief clerk. Mr. Atkinson succeeds Mr. E. V. Drysdale, who will return to Chicago. The change was made this morning, Mr. Atkinson entering into his new duties today. Mr. Drysdale will remain here probably a few days to acquaint the new clerk with the office work.

The Brotherhood of Locomotive Engineers will probably build a home for aged and indigent members of the order, and the project is under consideration at the meeting in Los Angeles. The members of the brotherhood at Indianapolis are confident the home will be located in that city, and have secured options on a piece of ground for \$250,000, on which to locate the home.

The turn table machinery got out of repair at the local roundhouse today and the electrical apparatus was thrown out of use and hand power substituted. No delays were occasioned. The electrical apparatus is not badly damaged, only a few cog wheels being stripped.

Mr. G. G. Hayes, of Chicago, an I. C. auditor, is in the city working in the trainmaster's department, assisting in straightening out the time keeper's books.

STRIKE NOT SETTLED.

The strike at the Paducah Cooperage Co. has not been finally settled, although the mills are running with nearly full forces, it is claimed.

Miss Helen Rolof, Kaukauna, Wis., writes: "Several times during the past two years or more my system has been greatly improved by the use of Peruna. I was unable to enjoy life, and lacked vitality and strength. I was an easy subject for colds, influenza, etc. My appetite was poor and my sleep disturbed. I had great difficulty in getting up in the morning. The medicine has greatly improved my entire physical condition. My head aches no more, my strength is returned, and the poison was driven out of my body. I am now stronger and more active than ever before. It is a great medicine and well worthy the good things its friends say about it, and it will always have my endorsement."—Jennie Finley.

## MISS LOUISE BERTSEL.

Miss Louise Bertsel, 19½ Second street, Brooklyn, N. Y., writes: "My health was excellent until about six months ago, when I seemed to have a collapse from overdoing society. After the collapse I was subject to changes of scene and climate. As this was an absolute impossibility at the time, I had to try and regain my health in another way and was helped by a friend who gave Peruna as a good remedy, to which I can tell you I owe my cure. I began to use it. The least noise irritated me, and I felt that life was not worth living but soon I was made into a well woman, and now I do not know I have nerves."—Louise Bertsel.

A newspaper contributor was lately admitted into the extensive suite of offices which constitute the headquarters of Dr. Hartman, who treats catarrh patients by the thousand. Among the busy swarm of assistant doctors, clerks, stenographers and bookkeepers, Dr. Hartman stopped long enough to say a few words.

A large number of female patients visit me every year, but the number who are entered on my books as regular patients and are treated

**OVER BACKWARD****THE HORSE FELL ON HIS RIDER.**

The sustaining value for hardest work as well as wonderful health-bringing properties of proper food were never shown better than in the case of a Colorado man who received an injury to the stomach and intestines from a horse throwing himself backward and falling upon him. He says: "For 11 years I suffered untold agony for eating any food distressed me beyond description.

"At times I was able to work but this gave me an appetite which I tried to satisfy with the common and substantial fare which is prepared by the average farmers' wife, but almost immediately after the meal I would be seized with cramps and convulsions so severe that my life was despaired of. Only the best medical skill and careful nursing could save my life at these times. The injury had caused strictures and adhesions in the stomach and intestines which the rough food could not pass through, thus causing obstruction of the bowels which is often fatal.

"These attacks occurred with great frequency for 11 long years until I was a physical wreck. My heart had become very weak, my pulse slow, I had lost much flesh and one of the best surgeons in Denver told me I must be operated upon at once in order to save my life. He said I would surely pass away in one of these spells unless I submitted to the knife.

"Now after these spells I always had to diet for some time until the inflammation had subsided and I was able to move around again, but then would come another attack. After one of the most severe of these spells, during which I became unconscious and unable to use a muscle for hours, the doctor told me I would never again be able to eat solid food or work hard.

"I had tried a sample of Grape Nuts food and found I had no uneasiness following, so I began to confine myself almost entirely to Grape Nuts and in a remarkably short time I began to gain flesh and feel like working again. The more Grape Nuts I ate the better I liked them so I made this almost my entire food with Postum Coffee, the doctor having advised me to quit coffee on account of its action on my heart.

"And now at this writing more than a year has passed away since my last sick spell, for I have not had one since I commenced eating Grape Nuts I am working every day right along beside strong men in the garden and farm, do everything and anything that is required of the farmer—ploughing, hoeing or pitching hay. I never have any more pains, in fact I can almost forget my injury.

"When I come home from a market a saucer of Grape Nuts is my breakfast and I can then go to work and feel that I can live and be as other men again. There is no other feeling like getting back your health.

"I will give the physicians' name who attended me during those years if you wish them." Name given by Postum Co., Battle Creek, Mich.

A \$2,000 VERDICT

**IN CIRCUIT COURT**

F. W. McKee Awarded \$2,000 Against Transfer Co.

The City Escaped in This Instance

—Police Court News.

**NEWS OF OTHER COURTS.**

In the case of F. W. McKee against the Palmer Transfer Co. and the city of Paducah, the jury at noon returned a verdict for \$2,000, against the transfer company and exonerated the city of Paducah as a party in the defense.

Mr. McKee was riding in one of the Palmer hacks when the horse shied against the fence at Twelfth and Caldwell streets. The fence gave way and let the hack tumble down the 20 foot embankment. Mr. McKee was badly hurt and sued for \$5,000. The city was included in the suit because of the fail fence built, the plaintiff claiming it was built of rotten material.

The case of Ruth Loftin against Clay Loftin was dismissed without prejudice.

The defendant in the case of Julius Scholka against the Western Union Telegraph Co. filed reasons and motion for a new trial.

The case of D. A. Mitchell against T. H. Torian was continued.

Thirty-six shares of stock in the Paducah Packing Co. were transferred to the City National Bank yesterday by order of the court in the case of the City National Bank against William Chesterfield. The stock had been turned over to others.

**POLICE COURT.**

Willie Fisher, colored, who had the fight in the police station yesterday was granted a continuance on the charge of carrying a pistol.

Walter Cornelius, colored, was dismissed on a charge of sleeping in a box car.

Tom Dodson, white, was fined \$30 and sentenced to ten days in jail for carrying a pistol.

Thomas Trammell, colored, who won Mack McCoway last Sunday, was granted a continuance until Friday.

**GRAND SALE OF LOTS.**

The Northview Realty and Improvement Company has about 70 lots on 11th and 12th streets, in Paducah, Ky., which it will offer for PUBLIC

SALE most reasonable terms, in JUNE NEXT, unless sold before that time.

These lots are situated in Paducah, Ky., and lie between Rottgering's farm and the city.

The streets have been lately gravelled. The lots have beautiful shade trees on them, and lie high above the streets.

An ordinance has been adopted to extend 12th street on beyond this property to Rowlandtown, and the street car company will extend its line from Trimble street on down 12th street by this property to Rowlandtown.

This property is certainly most attractive and desirable, and will soon be built up. There are no lots in the suburbs of Paducah more desirable for homes. The adjacent property is being rapidly improved, many houses having been erected recently. For particulars apply to W. D. Greer, General Manager, Paducah, Ky., March 15, 1904.

## A Suggestion for Prudent Men

To the average man five or ten dollars a month saved appears too insignificant to pay for the effort, yet a laying aside of ten dollars each month and the judicious investment of it may prove the beginning of a fortune. These ends are accomplished through the LEVEL PREMIUM SIX-YEAR BONDS of the Southern Mutual Investment Company of Lexington, Kentucky, which specifies the length of the investment period, seventy-four months, consequently the company may buy longer term securities than savings banks, which pay larger profits and are at the same time just as safe. The Southern Mutual Investment Company distributes all earnings amongst investors, in proportion to their investments. Furthermore, this company handles only the safest securities, taking no speculative chances, so that there is no possibility of loss to the bondholder, and he is further protected by the company's deposit of \$100,000 with the Kentucky State Treasurer; by the facts that all officers and employees are heavily bonded in Fidelity Companies, and the business is controlled by state laws and under the supervision of state officials.

One unusually attractive feature of the Level Premium Six-Year Bond is that the redemption of coupons during the term of the contract secures an income to the bondholder, which, of course, may be compounded by reinvesting—a thing not accomplished under any other form of installment investment.

Men in any station of life may buy these bonds, and every one receives returns in absolute proportion to the size of the investment. The bond may be paid for by monthly installments of as little as \$2.25, and any multiple of \$2.25 may be invested.

This company, with its past experience and present earnings as criteria, estimates that on a net investment of \$740 (extending over a period of twenty-four months) in this bond, the holder should receive a profit of \$493.33-1-3.

Does any other institution, affording the same security, pay as great a profit in an equal period of time?

## Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. It is a medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine it is as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county court clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly,

#### HIS FIRST EXPERIENCE WITH WAGNER.

A humorous writer of reputation, whose operatic experience has been limited, was induced to accompany his wife to a performance of Wagner's "Tristan und Isolde" during the recent opera season in New York. A friend, meeting him the following day, asked with interest what his impression had been.

"Well, it didn't hit me," remarked the writer, musingly. "I couldn't see it at all. I didn't mind so much when the captain steered the ship for ten minutes standing with his arms folded twenty feet from the tiller. But when they come to the place where I soldy puts poison in her lover's tea, I threw up the game and smoked in the lobby till the act was over." —Harper's Weekly.

#### GOOD TIME

IS EXPECTED AT ST. LOUIS BY STATE MILITIA.

State militia officers have received definite information from Gov. Beckham that the encampment of the Kentucky regiments will be held on the World's Fair grounds in St. Louis, beginning about the middle of August.

The camp will be used as a camp of instruction while the men are on the grounds, and some of the most proficient army officers in the country will be present. All the expenses and transportation to and from the big fair will be paid by the Government, and the officers of the regiment will receive the full pay corresponding to their standing in rank.

#### NOT GUILTY

MR. DONALD ACQUITTED OF BEDFORD, IND., MURDER.

Bedford, Ind., May 28.—The jury in the case of James McDonald, alleged murderer of Miss Sarah Schaffer, the pretty school teacher foully murdered here last winter, returned a verdict last night of not guilty. The verdict was no surprise, as there was never any evidence against McDonald to amount to anything, and he was arrested principally because the detectives thought some one ought to be arrested after all their bluster and brag.

#### GROWING ACHE AND PAINS.

Mrs. Josie Sumner, Bremond, Texas, writes, April 15, 1902: "I have used Ballard's Snow Linament in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best linament I ever used." 25c, 50c and \$1. Sold by Du Bois, Kolb & Co., Paducah, Ky.

#### Written at Random.

"It is astonishing how many of the difficult kinds of instruments of the phonograph order are in use in Paducah," remarked a business man today who handles them. "I am sure there are 300 or 400 of them. They have supplanted the piano in many homes, and the variety of entertainment they afford is remarkable. A year or two ago there probably were not half a dozen in the entire city, but now they are found in place of the organ, piano or music box, and the family can spend its leisure time listening to anything from a political speech to a rendition of the biggest bands in the world. The latest rolls, disks, or whatever form is used in the different kinds of instruments are bought by customers as regularly as the latest books and periodicals.

"Well, it didn't hit me," remarked the writer, musingly. "I couldn't see it at all. I didn't mind so much when the captain steered the ship for ten minutes standing with his arms folded twenty feet from the tiller. But when they come to the place where I soldy puts poison in her lover's tea, I threw up the game and smoked in the lobby till the act was over." —Harper's Weekly.

## DOCTOR'S ORDERS

Famous Physicians Know  
Value of Blood Wine.

If you take Blood Wine you can be assured you are following the advice of the foremost doctors. Dr. J. K. Hall of 125 W. 45th St. one of the leading physicians and most expert analytical chemists in New York city, says: "When 'Blood Wine' was brought to my attention I was sceptical as to its value in kidney and liver troubles and

Reaching for the spring cleverly concealed in the wall at my right I vigorously pressed it.

The result was instantaneous. Silent, but with unerring certainty, something small, round and deadly fell plumb from the library ceiling to where the settle had formerly stood against the hearthstone. Finding nothing there but vacancy to expend itself upon, it swung about for a moment on what looked like a wire or a whipcord, then slowly came to rest within a foot or so from the floor.

A cry from the horrified officials below was what first brought me to myself. Withdrawing from my narrow quarters, I hastened down to them and added one more white face to the three I found congregated in the doorway. In the diabolical ingenuity we had seen displayed crime had reached its acme, and the cup of human depravity seemed full.

A cry from the horrified officials below was what first brought me to myself. Withdrawing from my narrow quarters, I hastened down to them and added one more white face to the three I found congregated in the doorway. In the diabolical ingenuity we had seen displayed crime had reached its acme, and the cup of human depravity seemed full.

When we had regained in some measure our self-possession we all advanced for a closer look at the murderous object dangling before us. We found it to be a heavy leaden weight painted on its lower end to match the bosses of stucco work which appeared at regular intervals in the ornamentation of the ceiling. When drawn up into place—that is, when occupying the hole from which it now hung suspended—the portion left to protrude would evidently bear so small a proportion to its real bulk as to justify any eye in believing it to be the mate, and the harmless mate, of all the others.

"It hangs just where the settle stood," observed Durbin significantly.

"And just at the point where the cushions invite rest, as the colonel so suggestively puts it in his strange puzzle of a confession," added the district attorney.

"Replace the old seat," ordered the major, "and let us make sure of this."

Ready hands at once grasped it and, with some effort, I own, drew it carefully back into position.

"Wait," I eagerly interposed. "Let me see what I can do with it."

And I dashed back upstairs and into the closet of "The Colonel's Own."

With a single peep down to see if they were still on the watch, I seized the handle, whose position I had made sure of when searching for the spring, and began to turn; when instantly, so quick was the response, the long cord stiffened, and I saw the ball rise into sight above the settle top.

"Stop!" called out the major. "Let me go and press the spring again."

I hastened to obey, and, though the back of the settle hid the result from me, I judged from the look and attitude of those below that the old colonel's calculations had been made with great exactness and that the one comfortable seat on the rude and cumbersome bench had been so placed that this leaden weight in descending would at the chosen moment strike the head of him who sat there, inflicting death.

The major now proposed that we should go at once to the old house. All the efforts heretofore made to exhaust its secrets have been founded upon a theory that has brought us nowhere. I had another in mind, and I was anxious to test it before resting from all further attempt to solve this riddle. And it has not failed me."

As I said this I laid open on the table before me the transcription of which I spoke. Instantly the two men bent over it. When they looked up again, their countenance showed not excitement only, but appreciation; and in the one minute of triumph which I then enjoyed all that had wounded or disturbed me in the past was forgotten.

The major now proposed that we should go at once to the old house. "A family secret like this does not crop up every day even in a city so full of surprises as Washington. We will hunt for the spring under the closet drawers and see what happens, eh? And on our way there"—here he turned to me—"I should like to hear the particulars concerning the little clew just mentioned. By the way, Mr. Jeffrey's interest in this old drawing is now explained. He knew its diabolical secret."

This was self evident, and my heart was heavy for Miss Tuttle, who seemed to be so deep in her brother-in-law's confidence.

It grew still heavier when Durbin, joining us, added his incredulity to the air of suspicion assumed by the others.

Our first move was to go in a body to the southwest chamber, take down the picture, examine it with a magnifying glass and satisfy ourselves that the words I had picked out of its many lines were really to be found there.

This done and my veracity established, we next proceeded to the closet where, according to the instruction embodied in this picture, the secret spring was to be found by which some unknown and devilish machinery would be released in the library below.

To my great satisfaction the active part in this experiment was delegated to me. Durbin continued to be a mere looker on. Drawing out the two large drawers from their place at the end of this closet I set them aside. Then I hunted for and found the small loop-hole which we had been told afforded a glimpse of the library hearthstone, but seeing nothing through it, I called for a light to be placed in the room below.

I heard Durbin go down, then the major and, finally, the district attorney. Nothing could stay their curiosity now, not even the possibility of danger, which as yet was a lurking and mysterious one. But when a light shot up from below and the irregular opening before me became a loophole through which I could catch a very wide glimpse of the library beneath, I found that it was not necessary for me to warn them to keep away from the hearth, as they were all clustered very near the door—a precaution not altogether uncalled for at so hazardous a level.

"Are you ready?" I called down.

"Ready," rose in simultaneous response from below.

"Then look out!"

### NEGRO SUSPECT TELLS HIS STORY

Says He Had Been Working in Side Show.

Claims to be a Native of Louisville and Says he Has Done Nothing Except Carry a Gun.

### HELD FOR INVESTIGATION

Willie Fisher, the negro who was arrested yesterday afternoon and made such a desperate fight for liberty in the police station a short time later, was arraigned this morning before Police Judge D. L. Sanders and his case continued. He admits being the same person who escaped from Officers Rogers and Nance at the show grounds Thursday night dressed in female attire, and admits having a gun on him. He will be held pending an investigation.

He stated this morning in the presence of Chief James Collins and a Sun reporter, that his name was Willie Fisher and he was born in Louisville but moved to Rolling Fork, Miss., when very young. He exhibited a tattooed name "Willie Fisher, Louisville, Ky." on his right arm and informed the officer that he would tell a straight story about himself. He claims to have been following the circus and that he simply had substituted in the colored side show for a negro girl who was ill and had stepped out of the tent to get his clothes off when arrested. He ran because he had a gun and feared arrest. He suspected that they wanted him for carrying the gun and this was why he tried to get away from the officers at the station yesterday.

Fisher claims he lived with relatives in Rolling Fork but that he worked on farms near Mount Helena, Miss., a great deal and knows several prominent people there whom he named over to the chief.

Chief Collins thinks the man is wanted somewhere for some serious charge, and stated he would have a photograph taken Monday and would send out a description and letters of inquiry to learn if the man is wanted.

Fisher is about 28 years of age, about 5 feet 7 inches tall, and of a dark brown complexion. He weighs about 170 pounds and is very strong. He has a high pitched voice and claims to have been singing songs for the show people and was starting to join them when he was arrested at the depot.

### REV. CAVE RETURNS.

IS NOW MUCH IMPROVED IN HEALTH.

Dr. W. E. Cave, pastor of the First Presbyterian church, has returned from Dawson, much improved in health. Dr. Cave went to Lexington several months ago to enter a sanitarium for treatment. He has been in Dawson for the past few weeks and his many friends will be pleased to learn of his improvement. He will probably assume charge of his church in a week or two.
